# Unsung Virginian Award *and the* Good Samaritan Award

The Unsung Virginian Award recognizes dedicated Virginians for services rendered to the Commonwealth in the public or private sector without thought of personal gain and without their having sought or received public recognition.

The Good Samaritan Award honors individuals from Virginia or elsewhere who have provided exceptional service to others so extraordinary that it is worthy of this award, even if they are already known for their good works.

Nominees for both awards will be considered and recipients, if any, chosen by the awards committee of the Virginia, Maryland & Delaware Association of Electric Cooperatives (VMDAEC). Recipients are recognized at a special planned event in their home community, before family and friends.
